## Why Taxpayers Are Re-Thinking the Need for Planning

- Fewer are subject to the Federal Estate Tax since the exemption is so high
- Many states (i.e. Delaware) follow the Federal rules, thus eliminating any state death tax

However . . .

- Non-taxable estates today may become taxable in the future
  - Assets grow (naturally or by inheritance)
  - Laws change
  - Some people actually win the lottery
- As time passes and life events occur, most estate plans become hopelessly out of date

**Excuses We Hear Why Clients Don't Think They Need To Plan:**

---

- If there are no taxes due, what is the need for planning?
- I'm too young
- All of my property is jointly held with my spouse
- Estate planning is only for the rich folks
- It's too expensive
- We had our wills drawn up when we were married (probably more than 15 or 20 years ago!)
- I don't want to think about it

---

**Reasons Why Estate Planning is Critical for the Modest Estate Owner**

---

- Several States have estate exclusions well below the Federal level
- Several states (i.e. PA) impose a state inheritance tax
- Need to provide for surviving spouse
- Special needs family member
- Care for minor children
- Second (or third, or fourth) marriage
- Asset protection (predators and spend thrifts)
- Divorce planning

**Reasons Why Estate Planning is Critical for the Modest Estate Owner – Continued**

---

- Closely held business/farming operations
- Provide for future education needs
- Charitable intent
- Family dynamics (potential divorce, drug addiction)
- Valuation issues
- Disposition of tangible personal property
- Dictate how YOU want to dispose of your estate
- Planning for pets

### Tax Rates for Estates and Trusts (2018 - 2025)

2017	2018-2025
15%	10%
25%	24%
28%	35%
33%	37% (T. I. > \$12,500)
39.6%

### For Estates and Trusts

If taxable income is:	The tax is:
Not over \$2,550	10% of the taxable income
Over \$2,550 but not over \$9,150	\$255 plus 24% of the excess over \$2,550

---

---

---

---

---

---

### Effect of Other Changes on Estates and Trusts

- State and local income tax deduction
- State and local real estate tax deduction
- 2% deductions
- Other deductions – Section 67(e)
  - Tax preparation
  - Attorney fees
  - Fiduciary fees
- Section 691(c) remains deductible
- ESBTs can utilize the QBI deduction

---

---

---

---

---

---

---

---

---

---

**Effect of Other Changes on Estates and Trusts - Cont.**

- Excess deductions in year of termination flow through as a miscellaneous I/D subject to 2% floor. New law would eliminate it. Need to plan for year of termination.
- Assume estates and trusts still entitled to "exemption" (personal exemptions suspended)

### Section 199A ( QBI deduction) Does Not apply to

---

- Computation of Net Investment Income Tax (NIIT)
- Computation of SSA benefits
- Computation of S. E. Tax

The Big Question – currently the QBI deduction computation does not consider certain “adjustment to income”, such as the SEP deduction, 50% of S.E. tax deduction and the deduction for S.E. health insurance. Will Congress change this?

**For Non-Specified Service Businesses:**

- When taxable income exceeds \$415,000 (MFI), the QBI deduction is limited to the greater of:
  - 50% of Wages or
  - 25% of Wages **PLUS** 2.5% of unadjusted basis of property

  - Bruce's QBI deduction is not limited

---

---

---

---

---

---

---

---

---

---

---

---

### QBI Examples: Example #3

- Bruce also owns a commercial rental property that generates \$8,000 of QBI. Assume the property is fully depreciated and there are no employees.
- The QBI deduction is \$0

---

---

---

---

---

---

---

---

---

---

  - QBI deduction is  $\$8,000 \times .20 = \$1,600$
  - $(\$0 \text{ wages} \times .25) \text{ PLUS } \$200,000 \text{ (net of land)} \times .025 = \$5,000$
  - QBI deduction of \$1,600 is not limited

---

---

---

---

---

---

---

---

---

---

---

---

**QBI Examples: Example #5**

---

  - $\$100,000 \times .20 = \$20,000$
  - Wage Test 1:  $\$30,000 \times .50 = \$15,000$
  - Wage Test 2:  $(\$30,000 \times .25) + (\$50,000 \times .025) = \$8,750$
  - QBI deduction is limited to \$15,000 (the greater of \$15,000 or \$8,750)

---

- To the extent the grantor or another person is treated as owning all or part of a trust under sections 671 through 679, such person computes its section 199A deduction as if that person directly conducted the activities of the trust with respect to the portion of the trust treated as owned by that person.

### Planning For Trusts

- If holding fully depreciated real property that has no basis, consider transferring business interest to a CRT
- Making a Section 645 election may hurt the estate/trust's QBI deduction

### C Corporation Planning

- Generally not as tax favorable
  - Double taxation of profits
  - No QBI deduction (assuming QBI deduction is available to other entity)
- Even if corporation did not pay a current dividend:
  - Accumulated earnings tax potential
  - Personal holding company tax potential

### COMPARISON

### Conversion to S Corporation

- Reasonable compensation needs to be paid to owner/employees
- BIG tax
- All shareholders have to be qualified to own S corporation stock
- Cannot have more than one class of stock
- Outstanding loans to business
- Passive investment income exceeding 25% of gross receipts for 3 consecutive years and the S corporation has accumulated E&P will void the S election

### Planning for Specified Service Businesses

- Need to keep taxable income below \$315,000/ \$157,500
  - D.C. plan
  - D.B./cash balance plan
  - Bonus depreciation/Section 179
  - But, maybe regular depreciation which is taken each year will keep T. I. below threshold EACH YEAR.
